PRESS RELEASE

FOR IMMEDIATE RELEASE

Cimarron Hills Fire Protection District Opens Station 2 and New Headquarters

Cimarron Hills, CO – Wednesday, October 21, 2026 – Cimarron Hills Fire Protection District (CHFPD) conducted a ribbon cutting announcing the official opening of the new Station 2 and Headquarters building. A monumental day in the history of a proud fire and emergency services organization.

CHFPD will now operate out of 2 fire stations.

- Station 1: 1885 Peterson Road
- Station 2 and Headquarters: 1015 Valley Street

The new Station 2 provides improved services and faster response times to the southern portion of the Cimarron Hills Fire Protection District. The southern portion of the district has seen increased growth over the last several years with new apartment buildings, commercial areas, and increased traffic along Highway 24 and Powers Boulevard.

Station 2 will predominately serve the residents and visitors of the Cimarron Hills District; however, as a great community partner CHFPD will continue providing mutual aid assistance to other area fire departments and districts as requested and available. Station 2 helps provide mutual aid to some neighboring districts faster than previously seen through deployment only from Station 1.

The new building now encompasses Cimarron Hills Fire Administration and Headquarters. This will house the Office of the Fire Chief, Division Chief of Operations, EMS Supervisor, and additional administrative staff. The previous HQ Building at 1835 Tuskegee Place no longer serves as department administration and will soon be sold as CHFPD consolidates services to our new facilities.

CHFPD would like to thank our amazing community for their unwavering support of our firefighters, EMTs, and Paramedics. The support and “Yes” vote on Sales Tax 6A in 2025 made this possible and will help provide improved services and faster response times. We would like to thank our Board of Directors for their guidance and support.
